25<sup>th</sup> March 2020

To the children in year 3,

We hope that you are all well. It feels very strange not seeing you all in school and we do miss you being here but the most important thing is that we listen to what we have been advised to do and that is to stay inside at the moment. We are thinking about you all even if we don't get to see you every day. That's why we thought it would be nice to write a letter to you.

I hope that you have found lots of things to keep you busy. Tidying your room perhaps! Jo Wicks is doing some daily work outs to keep you moving and many of us have tried it out. Check him out online. It will get you sweating!

Remember to keep your minds busy and in good working order too. We thought that you might want to know about a really good maths website. It is listed on your homework grid so you can watch the lessons that are daily. They are only very short and after wards they set you a challenge to complete at home. We know how the children in year 3 love their challenges!

Have you seen on the news that in some places around the country children have made rainbows and displayed them in the window of their house to spread cheer to people who might walk by their house. I thought that you might like to do the same. When we are out and about we will keep a look out for the rainbows. It would certainly make me smile.

We would love to see what you get up to at home and the learning that you are doing so keep it together and we look forward to seeing it when we are back at school. Keep well, keep safe and keep busy.

We'll send you some more news next week.

From

Mrs Vaughan, Miss Webb and the rest of the year 3 team
