

# EYFS TALK newsletter

## Foundation 2

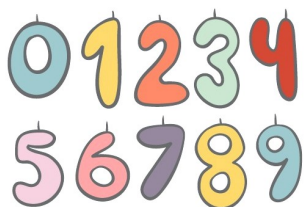

WC 16.1.23

Throughout this term we will be learning about 'Traditional Tales'. Over the next fortnight we will be enjoying the Goldilocks and the Three Bears story. We will be sorting objects based on size, making new chairs for Baby Bear and developing an understanding of healthy and unhealthy.

### Maths

In maths we are exploring patterns in number and counting on from a set amount (without starting at one).

Can you practise counting with your child by rote counting to 20? Can they count down from 20?

### Words to investigate

Taller, tall, shorter, shortest, character, cottage, broken

Talk about what these words mean together. Practise saying the words. Model using the words in a sentence and ask your children to have a go.

### Phonics

Using the phonics sound mat from school can you play fastest finger with your child. Say a sound, can they touch the sound on the mat?
