

## Wider Curriculum Learning

Year Group: Year 5

Term: Spring 1

# Huntingdon Academy A L.E.A.D. Academy

### History

We are learning about how the Industrial Revolution changed people's lives. We will look at the most important inventions during this time period as well as observing how life was different for the rich and the poor.

#### **French**

We will be learning how to introduce ourselves, say where we live as well as learning about celebrations and festivals.

#### Music

We are composing, performing listening and appraising music.

Some of us are carrying on with flutes and guitars.

#### **Materials**

We will be observing how materials link to our everyday lives.

#### Science

We will be comparing and changing materials as well as looking at reversible and irreversible changes.

DT

We will be learning about textiles. We will design and embroider a bear

#### Art

We will be looking at how we can use persepective and shading in our drawig like the artist Gustave Caillebotte.

#### Subjects not linked to the theme:
