

Can the fashion industry slow down its impact on the environment?

What impact do you think the fashion industry might have on the environment?

I think the fashion industry...

The fashion industry is... so...

People like to buy new clothes to follow

Hands up...

trends or stay on trend.

The logo for the clothing brand boohoo, featuring the word "boohoo" in a yellow, lowercase, sans-serif font centered within a solid pink square.The logo for the clothing brand H&M, featuring the letters "H&M" in a bold, red, stylized font.The logo for the clothing brand PRIMARK, featuring the word "PRIMARK" in a blue, uppercase, sans-serif font with a registered trademark symbol.

I sometimes shop at...

I have got clothes from...

Hands up...

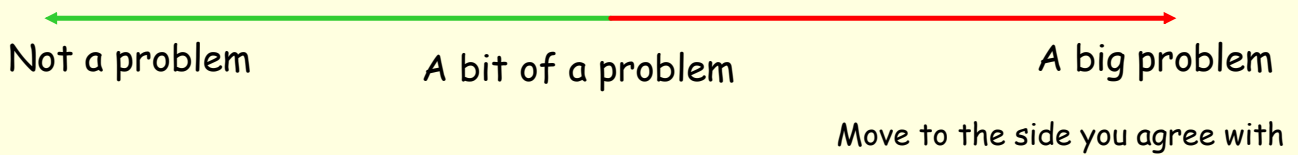

Clothes that are bought from shops like H&M, Primark and Zara are known as "fast fashion".

The fashion industry creates twice the amount of carbon dioxide than aeroplanes and ships.

The microplastics in polyester end up in our oceans when we wash our clothes.

In the UK, we throw away 350,000 tonnes of clothes each year.

## How much of a problem do you think fast fashion is?

I think fast fashion is a ... because...

Because of.... fast fashion is a .....

Talk partners

What could we do to have an impact on fast fashion not harming the environment ?

To help the environment I could...

If I were to ... then this would help the environment because...

Can the fashion industry slow down its impact on the environment?

So, what do you think?

I think the fashion industry could/couldn't
